Students must complete all required high school benchmarks and meet program eligibility requirements to qualify for up to \$10,000 over four years at a participating institution. Program funding is determined annually by MSLF, and scholarship awards are renewable each year for up to four years, subject to funding availability and the student continuing to meet program eligibility requirements. Eligible recipients will be invited to apply for renewal and must maintain a cumulative college GPA of 2.50 or higher. Awards may be adjusted based on changes in financial circumstances, Student Aid Index (SAI), or unmet financial need. Scholarship funds used for expenses other than tuition and fees may be considered taxable income, and recipients should consult a qualified tax advisor regarding their individual circumstances. MSLF reserves the right to modify, suspend, or discontinue the program, or amend program requirements, at any time and in its sole discretion.
